### OVERVIEW

Refreshingly different, reassuringly Riviera Decades of building thousands of flybridge boats and a philosophy of constant refining and innovation has fashioned a vessel that offers an extraordinary combination of comfort, performance, reliability, safety and value. The 45 features fully moulded steps complete with teak treads and a storage locker underneath. The rear bulkhead window and door open out into the cockpit to create a large living space between the saloon and cockpit. The saloon is an integrated living space, with the u-shape galley forward with dining area opposite and an aft lounge. We've included an electrically operated overhead locker in the saloon headliner for safe and convenient rod storage. The finish on the timberwork throughout the saloon and accommodation deck is both impeccable and astonishingly durable. Down the new moulded steps (complete with LED lighting in the risers for night time safety) you'll find an equally...
