Lying:

OVERVIEW

Welcome aboard Stepping on to the wide hydraulic boarding platform you'll immediately notice the tender garage, the door of which opens with the touch of a button. Here, an optional 3.3-metre (10.8ft) Brig tender with permanently mounted 20hp, four-stroke outboard can be easily launched or retrieved with the built-in electric winch. Stepping up through either of the wide stainless steel transom gates and into the expansive cockpit of the Riviera 5400, you'll appreciate the evolution of the luxury indoor/outdoor, single-level living design for which our Sport Yacht series is both internationally renowned and highly awarded. A closer inspection of the 11.4m² (122.7ft²) cockpit confirms the clever lifestyle and storage designs. A large forward-facing transom lounge, with drink holders and storage for the two supplied fenders and four supplied dock lines within its armrests, sits conveniently aft. The 5400's curvaceous fibreglass hardtop exte...
